

Leading Change Executives Workshop

WAYDE CONSULTING

Guiding your organization and supporting your employees through change

Change is an inevitable part of a business strategy.

Executive leaders have the responsibility to help prepare, support, and guide their organizations through change.

To be successful, executives must have the understanding, skills, and tools to lead change.

This workshop is designed to help executive leaders understand the importance of leading change and introduce strategies and tools used to guide and support organizations through change.

The workshop engages executives in discussions and planning activities related to an identified organizational change.

Agenda

- The Why of Change Management
- Focus on your People
- Focus on your Leadership
- Focus on your Organization

Objectives

In this workshop, executives will:

- Appreciate the rapid pace of business change
- Understand the role of executives in leading change
- Explore the change journey
- Make the case for the change
- Apply a framework for change
- Learn how to support the change process
